

You Are the Only One

D                    G                    A                    A7            D  
You are the only one - there's no one like you

A                    D  
No one in truth, in strength, or in love

G                    A                    A7            D  
You are our holy one, you died to save us

A                    D  
Come walk be-side us, Lord, and we will not fear

Bm                    G  
And though we starve, you are our bread:

D  
We will not hun-ger

Bm                    G  
Though no rain fall, you are our well:

Bm  
We will not thirst

D                    G                    A                    A7            D  
You are the only one - there's no one like you

A                    D  
No one in truth, in strength, or in love

G                    A                    A7            D  
You are our holy one, you died to save us

A                    D  
Come walk be-side us, Lord, and we will not fear

Bm                    G  
Though night must fall, you are our light:

D  
We will not stum-ble

Bm                    G  
Though we must die, you are our life:

Bm  
We live with you

D G A A7 D  
You are the only one - there's no one like you

A D  
No one in truth, in strength, or in love

G A A7 D  
You are our holy one, you died to save us

A D  
Come walk be-side us, Lord, and we will not fear
